Provisioning Vaultastic domains (Moved to KnowledgeBase HelpDesk)

How many domains can I create on Vaultastic?

You can create unlimited domains on Vaultastic.

What will be the name of my domain on Vaultastic?

The name of your Vaultastic domain will be a derivative of your primary domain name and is of the form .vaultastic.com. For example, if your primary domain name is baya.in, the Vaultastic domain will be "baya-in.vaultastic.com"

How do I provision an additional domain?

To provision an additional Vaultastic domain, write to **support@vaultastic.com** with the name of the primary email domain and the email server on which the primary domain has been provisioned. The on-boarding team will provision the domain. On successful domain provision, you will receive a system generated email with the login credentials.
