

Delete a group in SkyConnect with simple steps

1. [Login to the SkyConnect Admin Panel](https://docs.mithi.com/home/how-to-login-to-the-skyconnect-admin-panel) (<https://docs.mithi.com/home/how-to-login-to-the-skyconnect-admin-panel>).
 2. From the left pane, select the **SkyConnect domain** from the list of domains. Click the **Groups** option.
 3. The middle pane will show the list of users in the domain. To search for a group, enter the group id in the **Quick search box** on the top of the middle pane and click on the **Search** icon.
 4. The search results are shown in the list. Click on the group to show the group properties in the right pane.
 5. To delete one or more groups using the middle pane, click on the check box next to the group id and click on the delete icon on the top right.
 6. To delete the group from the right pane, simply click on the delete icon on the top right corner.
 7. Before deleting the group, a warning sign is flashed and you will be asked to confirm the request. Note that group deletion is an irreversible operation.
