

# Customize your domain

## IMPORTANT NOTE

- The settings in the Customization tab in the Admin Panel are DEPRECATED and will have no effect.
  - You can customize the web client login page using Baya V4. For complete reference refer the document linked [here](https://docs.mithi.com/home/how-to-customize-the-web-client-login-page) (<https://docs.mithi.com/home/how-to-customize-the-web-client-login-page>).
-
