Update the input parameters of a request

Jobs in the **Pending** or **Invalid** state can be edited.

1. Search for the request.

2. In the **Status** column, click on **Options** (depicted by three vertical dots).

3. Click the **Edit** icon. Update the parameters and save the changes.

4. Proceed to Verify Request Parameters (https://docs.mithi.com/home/how-to-verify-the-input-parameters-of-a-migration-request-in-the-legacyflo-application) to check the new values or select Start (https://docs.mithi.com/home/how-to-start-executing-a-migration-request-in-the-legacyflo-application) to start the execution.
