Vaultastic Ver 4.0.0.0

15th Dec 2020

Revision information

Vaultastic V4, version 4.0.0.0

Major Release

Vaultastic V4 - 2x Performance | De-duplication to optimize costs | Highly scalable with Limitless vaults and a superior UX to enable Data Agility.

We are excited to bring you this new re-engineered Vaultastic platform that excels in scaling easily for humongous volumes of data with no impact on performance. The new, easier application to access, discover, and extract data boosts productivity for the users, administrators, and auditors with a superior UX.
