

Vaultastic Ver 4.1.2.0

5th April 2021

Revision information

Vaultastic V4, version 4.1.2.0

Enhancement

Improvement in the efficiency of the De-Duplication engine for mails coming from G Suite

Vaultastic's de-duplication engine was upgraded to be more efficient and effective to cover more cases for mail coming from G Suite. This enhancement leads to a higher level of de-duplication for our G Suite customers, eventually leading to cost savings.

Major uses

1. Storage and therefore cost optimization for Vaultastic used to manage G Suite data.
