

# Vaultastic Ver 4.3.0.0

29th June 2021

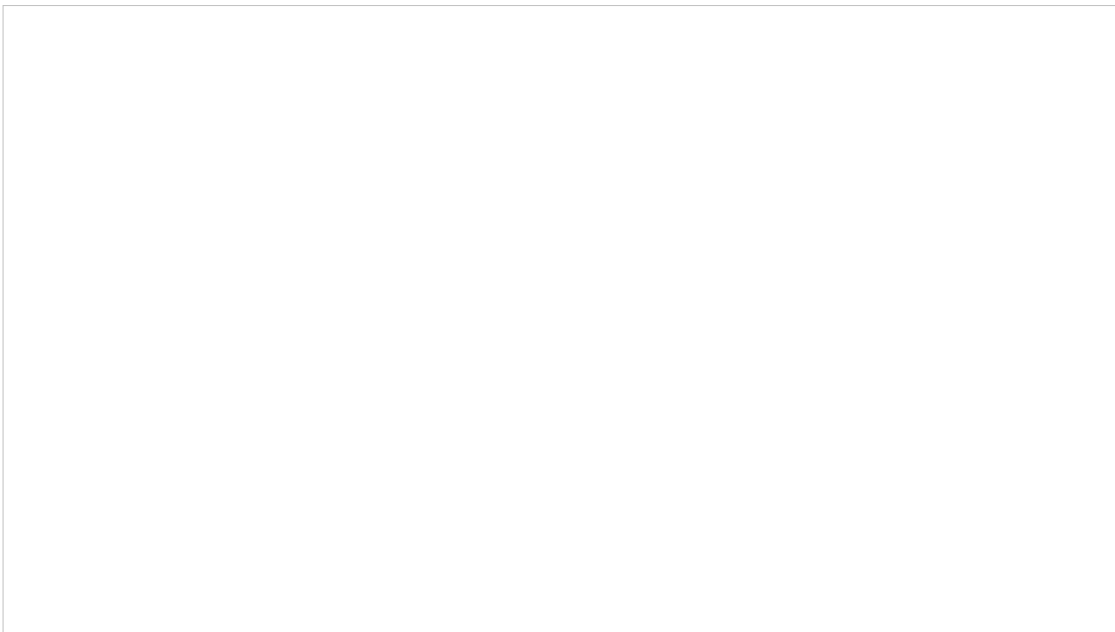

## Revision information

Vaultastic V4, version 4.3.0.0

## New Features

### Gain more visibility into your email archival usage with the new Vaultastic dashboard

A Vaultastic administrator can now get a summary view of the important usage statistics, along with a single-click drill-down capability on each parameter to drive effective decisions and action providing a major productivity boost.

## Major Uses

- Monitor your bills by keeping a watch on your total storage, client access, and daily growth/reduction in the use of each resource.
- Be vigilant about security by monitoring access rights issued to users.
- Learn how effectively de-duplication is optimizing your costs.
- Need more details? Drill down into any parameter with a single click.
- Need more analysis? Download data into a spreadsheet for deeper processing.
