License management

Overview

The license management application allows you to extend the product licenses automatically on submitting a request.

You can request for license extension under any of the following circumstances:

- If your renewal of any service is delayed
- If you need more time to clear the payments for overdue invoices
- If your free trial is expired and you would like to extend it.

On successful submission of a request,

- **The license will be extended by one calendar day** to allow you the space to close the pending renewal or make the pending payment or continue your evaluation.
- **The product screens will reflect the updated license within 2 hours of request submission**.

Your request will be rejected if,

- You have already availed of this facility twice in the last 90 days.
- The product license has not expired.

Access the License Extension App

1. Login to your customer account
2. Navigate to the License Management application
3. Click on License Management tab

View the request submission history

1. On access to the application, the requests submitted will be listed in tabular format, with the latest being on top. You can use the filter options on the top to filter the records shown.
2. Each request submitted will show the following details
   1. The **product** for which the request was submitted
   2. The **date** on which the request was made
   3. The **reason**
   4. **Additional Information** provided to describe the reason
   5. **Who Initiated the Request**
   6. **Status** of the request
   7. The message explaining the status of the request
   8. **License expiry date**

Submit a request for a license extension

1. To submit a request, click on the **Request License Extension** button.
2. On the **Request License Extension** form,
    1. Choose the **product** from the list
    2. Choose the **reason** to extend the license
    3. Give a brief **description**
    4. **Submit** the request
    5. Your request will be submitted and the license extended by one day.
3. In the license extension request history, your newly added request will be shown at the top.
4. The **status** of your request will show Pending
5. You will receive an email once your request has been processed, OR you can check for the status in a few minutes.
